EDUCATIONAL/ELECTRICAL EXPERIENCE

I am currently enrolled in the Electrical Techniques Program at Niagara College where I have been introduced to the basics of electrical work in terms of the work in the field and outside of the field. Some of these include:

- Basics of Ohm's law and calculations
- Residential and Commercial wiring
- NMD/90 and AC/90 cable.
- Single-pole, 3-way, 4-way, Split switch
- Wiring into panels and outputs like lights or alarms in both Residential and Commercial buildings.
- Bending both PVC and EMT conduit, applying the necessary bends, and feeding wire through the EMT conduit into 10x10 boxes with contactors.

WORK HISTORY

MEAT DEPARTMENT SALES ASSOCIATE 07/2017 to Current Big Red Markets, Thorold, ON

- Kept meat cases fully stocked, cleaned and properly labeled to allow customers to find products quickly.
- Prepared food for restaurant orders as well as for display in the counter for customers.
- Used proper sanitation and food safety techniques to prevent food contamination.
- Contributed to store closing operations including cleaning and proper storage of food.
- Assisted customers with special requests to meet the needs of the customers.
